

## **INFOAWARE 2.0 RELEASED**

InfoAware is Safecom's flagship InfoAware learning management system. In response to customer feedback Safecom has added significant new features to this new version of InfoAware.

**Cambridge, UK, 7<sup>th</sup> September 2007.** Safecom proudly announces the release of the latest version of its popular learning management system (LMS), InfoAware now has even more features whilst still being easy to deploy. This release includes numerous new enhancements over Version 1.0, including:

- Improved interface
- Support for multiple courses
- User selectable themes
- User search
- Question management
- Email templates
- Create & print course certificates
- Simple reporting
- Updated manual set
- Policy Management (optional)
